ONE MORE DEATH ADDED TO LONG LIST

Seaman Kennedy of the Bennington Passes Away a Few Moments Before Arrival of His Brother From Nebraska

SAN DIEGO, July 25—Another death among the injured of the Bennington's crew occurred today, the victim being W. Kennedy. His brother arrived on the noon train, but was too late. The body will be taken to Alliance, Nebraska.

The investigation of the disaster was concluded today and the report is being prepared for Washington.

WASHINGTON, July 25—A brief report of the preliminary examination made by Naval Constructor Evans of the inside of the gunboat Bennington was received today at the navy department.

A dispatch sent by Captain Drake, in charge, follows:

San Diego, July 25—Constructor Evans made his preliminary examination of the Bennington inside hull, and plating and all leaks through the sea valves and broken pipes were stopped. The present list to starboard is due to the shifting of boilers B and D and some free water. Will pump this water out by hand and then trim even keel, transferring necessary equipment to the Iris. We will make an examination of the outside of the hull with divers, secure boilers, clean up living quarters and then if the constructor is satisfied, will tow the Bennington with the Iris to Mare Island, with the Fortune escorting. The wounded to remain in charge of the naval surgeons until transferred to the naval hospital at Mare Island.

Senator Branded as a Felon

PORTLAND, Oregon, July 25.—United States Senator Mitchell was today sentenced to serve six months in the penitentiary and pay a fine of $1000 for fraud in connection with the land cases which were taken up by him with the department of the interior while he was senator.

The execution of the sentence was deferred until a disposition of the appeal to the United States Court is made. In the meantime Senator Mitchell is enjoying his liberty under $2000 bonds.

Beer and Booze Flow Through Streets of Clay Center as Result of Raid by Temperance Workers

CLAY CENTER, Kas., July 25—Eight prominent temperance women tonight smashed a joint at the end of Industry street, owned by John Peterson.

With hatchets they broke open a barrel of whiskey and several cases of beer. Six men were drinking in the saloon, which was completely wrecked. Peterson left the city at once for his home in Junction City.

"CUTTING IS GONE AND THE DEAL IS OFF"

So Sayeth Rumor, But Indications Are That New Negotiations for Plant of Washoe Power Company Are Now in Progress

Senator P. L. Flanigan and Henry C. Cutting arrived in San Francisco yesterday morning and with their arrival at the bay comes the report once more that the deal for the sale of the Washoe Power and Development Company is off. Whether it is or not will not be confirmed by interested parties in Reno and the developments of the next few days will only go to proving or disproving the many rumors that are now current.

One thing is almost certain and that is Henry Cutting has failed to make good in his effort to deliver the controlling interest of the Washoe company to the great men from the east. Some say another entirely new deal is now on and that before the week is ended it will be carried out ,through not publicly announced.

In fact it is said that the Journal's announcement of the negotiations followed by the publicity given the news through the press of the United States has resulted in the falling through of the present deal, if it has fallen through. Corporations are not quick to tell their business to the outside world and knowledge of what is doing in the inner circles is restricted to a favored few.

CHINAMEN PREFER THE AMERICAN OIL

WASHINGTON, July 25—Consul Sammons of Niuchwang, Manchuria, announces the arrival of cargoes of oil direct from Philadelphia. He reports that the Chinese prefer American oil to the Russian product.

ARMED OFFICERS GUARD THE GAMBLERS

Rumor That Missouri Pool Sellers Were to Violate the Law Results in Drastic Action by Governor Folk

ST. LOUIS, July 25—Proceeding upon the instructions of Governor Folk, to see that no violation of the anti-pool selling law was attempted at Delmar race track, a hundred policemen marched into the track meeting with no resistance. Eleven arrests were made.

The rumor that armed resistance might be encountered caused the patrol wagon bearing a number of riot guns to be sent to the scene.

But beyond twelve officers shouldering the guns and telling the crowd of spectators to stand aside, the guns were not made use of.

Commissioner Cutting of Massachusetts Files a Report Denouncing Insurance Companies in the Strongest Terms

BOSTON, July 25—Scathing criticism, pointed condemnation and a fierce denunciation of the methods and course of the big insurance companies characterizes the annual report of Frederick Cutting, the commissioner of insurance for Massachusetts, issued here today.

The report is exhaustive in its review of the methods employed by the big insurance companies during the past several years, to whom he alludes to in some instances as "Judases" and to one company as "Dr. Jekyll and Mr. Hyde company."

The report contains a recommendation that the legislature at its next session take up the matter of deferred dividends and the relations between the insurance companies and their allied trust companies with a view to compelling a reform.

MINERS FLEE FOR LIVES

Before Deadly Force of Rushing Torrents of Water From Bed of a Bursted Lake

IN BLACK SWAN SHAFT

MARYSVILLE, July 25—While seven men were working in a tunnel in the Black Swan mine on Mooney flat Monday, the roof of the tunnel caved in, allowing the waters of a small lake above to drop suddenly into the mine. All seven men managed to escape, fleeing to and up the main shaft, with the incoming water giving them a close chase. The rushing water caused such an air pressure that many timbers were blown from the bottom of the shaft to the surface. The lake above the tunnel was called China Pond, and covered several acres and was a few feet deep. All the water ran into the mine and the property, which is paying handsome returns, was completely ruined. The property loss will probably reach $75,000.

TO OPEN THE FIRST BANK IN LYON COUNTY

Special to The Journal]

CARSON, July 25.—Articles of incorporation for the first bank in Lyon county were filed with Secretary of State Douglas today. The bank is incorporated for $50,000, divided into 500 shares, every one of which is subscribed. The stockholders named in the articles, together with the amount they subscribed and their residence are as follows: M. E. Wilson of Yerrington, $20,000; T. S Tally of San Francisco, $10,000; D. K. Hoster of Yerrington, $10,000; Louis S. Irgens of Oakland, $5000, and William C. Barkuloo of Yerrington, $5000. The new bank will be located at Yerrington and will be opened for business at once.

ORPHANS' HOME WILL NOW BE FURNISHED

Special to The Journal]

CARSON, July 26—It required only a few moments' time of the Orphans' Home Commissioners during their meeting today to decide to furnish the new home for the homeless little ones now a charge upon the state. The board by a unanimous vote decided to assume all responsibility, furnish the home and call upon the legislature at the next session to make good any deficiency. It was a desperate move, but one that will undoubtedly be upheld throughout the state. It means that the orphans now cooped up in an ill furnished, poorly ventilated and in fact unhealthy fire trap will be housed in the state's handsome new home before the chill weather of winter arrives.

Baron Thinks Peace Is Near

Says Japan Will Demand Indemnity and That War Will Be Brought to an End Next Month

NEW YORK, July 25—That Japan will demand an indemnity of Russia in the negotiations for peace and that the war will be declared at an end at the conclusion of the negotiations at Portsmouth, New Hampshire, next month, is the belief of Baron Komura, head of the Japanese peace plenipotentiaries, who has arrived here, as voiced by his spokesman, Aimar Sato.

$10,000 FOR A NEW HIGH SCHOOL BUILDING

Fallon Endorses Higher Education in a Practical Manner by Voting to Incur a Heavy Indebtedness at Election Held Yesterday

Special to The Journal]

FALLON, July 25.—Fallon today took another step forward in the march of progress started here a few years ago. The citizens by a vote of 145 for to 24 against decided to assume a bonded indebtenness of $10,000 for the purpose of building a modern high school. The new building will ge one of the most modern in the state and work upon it will begin at once.

Strange as it may seem, Churchill county with an area greater than many of the eastern states, as yet has no high school. Two years ago when Fallon was in its infancy it was seen that a high school would be needed and during the last leegislature Assemblyman Smaill worked for the passage of a bill authorizing the people of Fallon to incur an indebtedness to erect the building. The bill passed and was approved and today's election is the result.

Considerable interest was manifested in the outcome, though nearly every one favored it and the result was but the expression of an opinion formed long ago.

Refuses to Sanction Use of His Photograph On Literature Advertising the Lewis and Clark "Trail"

SPOKANE, July 25—President Roosevelt has objected to Spokane's literature bearing his portrait on the title page.

Secretary Monroe of the Chamber of Commerce has received a letter requesting the withdrawal of a brochure on the "Lewis and Clark trail" from publication. The letter is dated from the White House on July 19th. It declares that President Roosevelt is very much oposed to the appearance of his portraits on advertisements of any character and requests that the booklet of which the cover was enclosed be immediately recall from circulation and notice be given when this is done.

At a special meeting of the Chamber of Commerce the chamber cancelled an order for 50,000 pamphlets and took steps to call in those already distributed.

Norwegian Steamer Stranded.

EUREKA, July 25.—The vessel stranded off Mendocino is the Norwegian steamer Tricolor.

A tug arrived here today with the entire crew numbering twenty-seven.

Captain Wold of the Tricolor says he lost his reckoning and believed the vessel safe up to the time she struck the rocks.

The steamer is broadside on the beach among the rocks and is a total loss. It is valued at $200,000.

A LESSON IN ETIQUETTE

WHEN receiving a call from a young man, a girl should not rock violently, laugh loudly, or betray nervousness. Let her try to talk of what interests him, or lead him to do so When he rises to go, she should rise also, with but a moments hesitation of reluctance. She does not accompany him to the door, but takes leave of him in the drawing room, expressing the hope of soon seeing him again —Examiner.

The above lesson in etiquette may be all right in the Examiner's estimation, but we fear that there will be some difficulty in making it stick on all occasions, especially in the case of soap-peddlers, bookagents, and bill-collectors.

A FOE TO PROGRESS

THE natural conservatism and opposition to progress of womankind is illustrated in the case of Mrs. Addie Jones, who has filed a divorce suit in the Marion Circuit Court of Indiana against Walter Jones. She alleges failure to provide as the cause of the action, but in her complaint declares that since she was married, two years ago, the family has moved twenty-eight times.

Here is one of the most splendid examples of an attempt to establish the theory of perpetual motion nipped in the bud by the perverseness of a narrowminded, and selfish woman.

CURTIS IS NOT FOND OF WORK

One of 24 Men Arrested by City For Not Paying License Makes Strange Confession

Twenty-four warrants were issued yesterday for the arrest of that number of contractors and builders engaged in business in Reno. The arrests are the result of the refusal of the contractors and architects to pay the license imposed upon them for the privilege of carrying on their business in Reno.

Several arrests were made yesterday and as fast as the offenders can be captured they will be informed of the fact that they are prisoners of the law. Thus far the offenders have been released upon their own recognizance. Their trials are set for hearing before Judge Richardson at 9 o'clock this morning.

M J. Curtis, one of the old time architects of the state, was among those placed under arrest yesterday. Mr. Curtis was seen last night for a statement regarding the course himself and associates intend to pursue. He has called a meeting to be held at his office tonight. Perhaps this matter will be more fully discussed at that time.

"Why should we pay a licence?" said Mr. Curtis last evening. "We have no commodity to sell We make our living strictly upon the product or work of our brains. I certainly do not intend to pay the license tomorrow, for I have no privileges to ask from the city."

"But, Mr. Curtis, barbers have no commodity to sell except that of their hands, shears and razors; they also work for a living, yet pay the city a license for the privilege," was suggested to Mr. Curtis.

"Me work! Why, I haven't done a day's work in ten years," quickly replied Mr. Curtis, "and what is more I don't intend to do any. As I said at first we have nothing to sell and simply make our living by the use of our brains. If God has been good to us I see no reason in that for the city charging us for a gift other people may be deprived of."

At the trial today attorneys for the parties interested will be present and it is though action will be deferred until after the meeting to be held tonight.

THIEF MAKES A GET-AWAY

J. H. Griffin Escapes From Officers While Being Taken From Court to Jail

"They took two shots at me and did not get me, so I guess I will keep a going."

These were the words of J. H. Griffin, the sneak thief, who was arrested for burglarizing the store of J. A. Marymont, as he dashed down Second street yesterday afternoon out of the range of Deputy Sheriff Upson's revolver.

Griffin has been given his preliminary before Judge Nash on a charge of house breaking and had been bound over in the sum of $500 to await the action of the grand jury, when he made the daring break for liberty. He was passing from Judge Nash's court room at the elbow of the deputy sheriff when he made a bold dash and started down Second street towards the Riverside mill

Deputy Sheriff Upson pulled his revolver and fired two shots at the fleeing man. Griffin dodged in and out among the trees which fringed the edge of the side walk and was almost out of range before the chase began in earnest As he passed a colored woman on the way he shouted the exultant declaration that he was going to make his get away in so much as neither of the officer's shotts had struck him.

A half dozen men joined in the chase Griffin made straight for the Virginia and Truckee railraod bridge and crossed it with the pursuers trailing quite a distance behind. The escaped prisoner is said to have made the first hundred yards after the officer's bullets had been sent after him in about seven seconds flat. He is certainly entitled to a medals as a sprinter.

After crossing the river Griffin's pursuers made an examination of the willows along the river banks, but failed to locate their man Griffin is supposed to be in hiding somewhere in town and a close lookout is being kept up for him by the officers

What it Will Cost Taxpayers to Place Reno Police Force On Eight-Hour Basis

It is safe to say that there is not a more popular man in Reno today among the local policemen than Councilman Newmarker, who at the meeting Monday evening suggested an increase in their pay Mr. Newmarker is still of the opinion that the guardians of public peace are underpaid, though he does not wish to be understood as favoring a raise of 50 per cent in their salaries

What Councilman Newmarker did urge was that the policemen be paid at the rate of $2 per day for eight hours' work Other cities base their pay on three shifts of eight hours each. Mr Newmarker further states that he does not favor an eigh hour shift for Reno, but believes that the law should be complied with as far as basing the wages on an eight hour schedule Mr. Newmarker further stated that he does not believe that the policemen of Reno are now receiving living wages for the hours they put in They are married men and their salaries are spent in Reno.

At the rate advocated by Mr. Newmarker the policemen would receive $3 per day, which, he believes, is little enough for twelve hours' work. The increase would amount to about $10 per month more than the present wages

PLANS FOR A FINISH FIGHT

Joe Eagan Started Ball Rolling Yesterday For the Proposed Britt-Nelson Scrap

Negotiations were opened yesterday between Joseph P Egan, who was one of the chief promoters of the Root-Hart fight, and James E. Britt, the world's lightweight champion, and Battling Nelson, an aspirant for championship honors, for a finish fight between the two men to be pulled off some time during the autumn months.

Mr Egan returned yesterday from Carson, where he held a conference with Senator Livingston respecting the arrangements for the fight and yesterday sent letters and telegrams to the fighters making them an offer for a fight in Nevada.

In as much as the San Francisco fight promoters are having difficulty securing the August permit for the proposed Britt-Nelson fight and the expressed willingness of Nelson to come to this state for a finish fight, the Nevada fight promoters believe there is an excellent show for a match here and will bend their energies towards pulling off an event that would attract the sporting fraternity from all sections of the United States.

The effect of the Britt-Sullivan fight has been to create a strong demand for a finish championship fight among the lightweights. While Britt holds a decision over Nelson, there are many, indeed a very large majority of the followers of the ring, believe that Nelson is Brittt's master in a finish fight

Just what offer has been made the fighters by Messrs. Livington and Egan is not known, but it is probably in the nature of a guaranteed purse, the fight to take place early in September, either in Reno or Carson.

Nelson spent a week in Reno after the Hart-Root fight and was enthusiastic over the prospect of fighting here. Nelson naturally favors Reno, as he wants to get into the ring with Britt for a finish fight, and as Nevada is the only State where such an event can be successfully pulled off he is keen for almost any proposition coming from this section

The San Francisco fight promoters will make a strong effort to bring the fight off in the Golden Gate city, but there is a good chance that the Nevada fight magnates may be able to carry the day, as it is understood that they have made an offer of a very liberal purse

SUCCESSFUL PLAY BY LOCAL TALENT

"An Old Maids' Convention" Presented to a Large Audience Last Night By the Ladies' Aid Society.

"An Old Maids' Convention," given by the Ladies' Aid Society of the Episcopal church last night in Robison's hall proved to be one of the most successful entertainments ever given here by local talent. A large and appreciative audience was present, the large hall being nearly filled.

Every character was so well sustained as to forbid special mention. Each part showed the work of careful preparation and was rendered in a manner that would have done credit to professionals. The costumes worn by the "old maids" were of a very antique design and one of those worn by our ancestors. The audience was kept in a continual uproar by the "old maids'" discussion of their matrimonial troubles. Mr. Browning, who was the sole male character in the play, was the envy of all the marriageable men in the large audience.

The proceeds of the entertainment will be used to swell the fund which is being raised for the erection of a new church. Quite a sum was cleared by the ladies as a result of last night's entertainment, and those who took part in it are deserving of much praise for their efforts in so worthy a cause.

HUGE OIL TANK IS NEARING COMPLETION

Work is progressing very rapidly on the huge oil tank being constructed by the Southern Pacific Company at this place. The tank, when completed, will be the largest of its kind on the coast. It will have a capacity of two million gallons and will be 115 feet in circumference. The oil will be piped from the main tank to an auxiliary tank from which it will be supplied to the oil burning engines. There are two tanks similar to this one at Sacramento but their capacity is small compared with the one being constructed here, being a half million gallons each.

MEANS A LARGER SUPPLY OF WATER

Washoe Deep Well Company Installing Two Large Pumps in Western Part of the City.

Improvements are steadily going on at the plant of the Washoe Deep Well Water Company in the western part of this city. A force of men is now at work excavating for the electric centrifugal pump which will soon be put in. The pump has a capacity of seven hundred gallons per minute and will be driven by a fifty-horse power motor. The pump was shipped last Friday from San Francisco and is expected to arrive today. The insttallation of this pump will do away with the small steam pump now in use and will insure a water supply at all times sufficient for all necessary purposes.

A duplex pump of the Dow type has also just been put in. It has a capacity of five hundred gallons per minute and will be used in case the electricity for the centrifugal pump should fail through any fault of the power house. When these pumps are established and in running order the Washoe Deep Well Water Company will be so situated as to supply all demands of the people of this city for water to the satisfaction of all concerned.

OREGON LEGISLATOR LIKES OUR STATE

I. H. Bingham of Eugene, Oregon, a member of the Oregon legislature and prominent in political affairs of that state, is a guest at the Riverside hotel. Mr. Bingham contemplates making a number of investments in Nevada and recently made an overland trip from Carson to Nevada City.

Mr. Bingham is favorably impressed with the future of Nevada, indeed he thinks so well of the Sagebrush state that he is spending the summer here for the purpose of fully acquainting himself with the existing conditions.

Speaking of the big Lewis and Clarke exposition at Portland Mr. Bingham says the show is a conspicuous success in every reespect and the attendance exceeds the expectations of the promoters of the project.

BURLESQUERS AT M'KISSICK'S

First Night of Engagement of Singing Dancing and Comedy Troupe Amuses House

The came—they saw—they roared.

A goodly sized audience applauded, pounded and laughed itself into hysterics last night at McKissick's opera house, when A. C. Winn, late of Chas. Edwards' Gaiety Theater, London, presented his aggregation of burlesquers in Weber and Fields' "Fiddle Dee Dee."

The play is a burlesque, and the players were surely burlesquers to perfection.

Every one in the audience seemed most highly entertained by the manner in which the singing, dancing and comedy work was done, characteristic of the individual.

The girls—well, "tell me, pretty maiden, are there any more at home like you?"—if so, bring them along—and add to the fun.

The strength of the company was in the comedy work, which at some critical moments, was not bad. The voices of the ladies, as far as heard, were sweet and the dancing unique.

Miss Richards, the leading lady, with a charming personality, who came from Elich's Gardens, Denver, where she played the Princess in "Alibaba" and leading role in "Sinbad, the Sailor," contributed her share of hilarious enjoyment for the audience, when, in her endeavor to fancy step backward off the stage, she fell full length, resulting in a series of kicks not down on the program.

Nat Carr, the Jew comedian, "a victim of circumstances"—a fact undisputed last night—comes with a good record from Weber and Fields' houses.

The chorus, composed of a half dozen young women, displayed their figures just as they did at Fisher's through several seasons.

This company is here for a continuous engagement of several weeks, devoting this week to "Fiddle Dee Dee." Their reportoire is extensive and several other burlesques will be given.

The management promises some good entertaining evenings for the people of Reno during their stay in this city.

SAN FRANCISCO, July 25.—Eight hospital corps men left the Presidio general hospital today for San Diego they go to assist the post surgeon at San Diego in caring for the Bennington wounded.

PHYSICIAN FAINTS ON STREETS OF RENO

Far from home and friends and a physicial wreck, Dr. J. E. Burr occupies a cot at the county hospital. While walking near the Riverside Hotel yesterday he suffered a severe attack of heart trouble and was for a time in a critical condition. He is receiving the best of attention at the county hospital.

Dr. Burr is a graduate of the medical department of Ann Arbor University, but drink brought his ruin, and when he reached Reno he was arrested as a vagrant and given a sentence in the city jail. On Monday while working with the chain gang in the intense heat he was overcome and yesterday collapsed a second time.

The authorities will make an effort to find the unfortunate physician's relatives and see if something cannot be done for him when he is discharged from the hospital. Dr. Gregory attended the unfortunate physician.

Another Excursion to the Lake Next Sunday

Owing to the number of people who were unable to take advantage of the special excursion to Lake Tahoe last Sunday the Southern Pacific Company has decided to run another next Sunday, July 30th.

This excursion will be one composed of Reno people exclusively and limited to 150 persons, so that all may be accommodated comfortably.

The fare for the round trip to Tahoe City will be $2.25. The fare around the lake on the steamer Tahoe will be $1.50 additional, and the fare from Tahoe City to Tallac and return on steamers Meteer and Nevada will be $1 additional.

Train will leave Reno at 7 a. m. sharp, making the run to Truckee ahead of the flyer. jy26td

SEEK LAURELS IN NEW FIELD

Two of Nevada's Fastest Riders Race With Crack Men of the Mormon City

Carter and McKenzie, two of Reno's fastest bicycle riders, left yesterday for Salt Lake City to enter the bicycle races at the meeting now being held there. There is little doubt but what the young men will defend the Wheelmen colors in a manner creditable to the Reno club. On the success of their first efforts will depend whether or not they will remain in the Mormon city, and on their final decision rests whether or not the Reno club will hold a club relay within the next several weeks. It was planned to hold a twenty-five mile relay between local riders, but the departure of Carter and McKenzie has resulted in postponing arrangements for the time being at least.

MANY NEW FEATURES AT GRAND THIS WEEK

The Grand Theater presents an excellent program this week. Two sets of motion pictures, among the finest and most lifelike ever shown in the country are added to the usually diversified program. "The Counterfeiters," a picturee story of the life and doings of the men who keep Uncle Sam's secret service men busy, holds the close attention of the audience, and "A Trip to the Moon" is another picture depiction of some very thrilling events.

One of the most remarkable acrobatic performances seen in Reno for a long time is that given by J. Lazetta. He climbs in and out of a barrel and does some hair lifting stunts with his neck, which he bends double with his body, both backward and forward. He literally breaks his neck several times, twisting and bending it in a way that is almost beyond conception.

Gus Herman introduces some new ideas in his magical musician act, which is throughout a novelty. Walsh and Ligon, the musical team holds the stage with a musical performance which met the complete approbation of the audience.

Miss De Verne sang a number well suited to her voice and received her share of the applause.

GRAVE CRISIS IN AFFAIRS OF SWEDEN

STOCKHOLM, July 26—The resignation of the cabinet was received tonight without outward manifestations of excitement.

Crowds gathered in the vicinity of the newspaper offices, but there was no demonstration of any kind. The Editorials in newspapers this morning generally express satisfaction over the unanimity of the special committee in its reports to the Rigsdag dealing with the Swedish Norwegian crisis.

TO INSTALL A STONE CRUSHER

A. F. Neidt, Well Known Contractor Arranges to Fill a Long Felt Want

A. F. Neidt, the well known contractor, yesterday closed a deal with the Washoe Power and Development Company, to run a special power line to his property located at the foot of cemetery hill, a mile west of Reno. Mr. Niedt has arranged for installing an immense stone crushing plant at that point. It will be operated by a twenty-five horse power motor.

The demand for crushed stone for building purposes is so great in Reno at present that it is difficult to obtain the material. Mr. Neidt's enterprise in addition to meeting this demand will give employment to a number of men.

EIGHT VICTIMS OF HUMBLE OIL FIRE

HOUSTON, Texas, July 25—The fire in the Humble oil fields is practically extinguished. There is a bit of oil at the bottom of the eleventh tank, but it is thought this will be burned out before morning.

The charred remains of eight persons have been found and the search is still continued.

CAME TO MEET HIS ONLY BOY

Dr. Madore of Canadian Police Seeks in Vain For His Son in Reno

Where is G. A. Madore? He left Reno on June 8th after telling Postmaster Dawson to hold his mail pending his return. Since that time Madore has not been seen or heard from. Yesterday his father, Dr. G. Madore, a surgeon for the Royal Mounted Police of Northwestern Canada, arrived here intending to meet the young man. Dr. Madore was unsuccessful and because of limited time was compelled to start east for Montreal last night.

Mr. Madore's son wrote to him some time ago, stating he was working in Reno and that he would meet his father here. The two have not met for more than three years.

What object the young man could have in not writing is a mystery that has given rise to a theory that he may have met with foul play.

Aftermath of Automobile Accident

LOS ANGELES, July 25.—As an aftermath of the automobile accident here last Thursday night in which millionaire Hancock lost his life and each member of his family were more or less severely injured a suit was filed with the superior court in which John Saul, a dairyman, with whose wagon the Hancock machine collided, sues for $10,710 damages.

Dairyman Saul charges gross negligence on the part of Milton Hancock Jr, the son, who is alone made defendant to the suit.

SUMMONS

In the Second Judicial District Court of the State of Nevada, in and for Washoe county.

The State of Nevada sends to Alfred Brown, Annie Florence Buller, and her husband, William Buller; Matilda Mary Strange, and her husband, William Strange; Alfred Brown Eleanor Beasley, and her husband Fredrick William Beasley; Ernest Charles Brown, L. M. Constance Jacob, Beatrice Ellen Laura Jacob, George William Blackie, Ellen Euphemia Keyes, and her husband, Alfred E. Keyes; Francis John Blackie, Jessie Emily Blackie, Edward Charles Brown, Spencer Douglass Brown, John Doe, Richard Roe, Jane Doe, and Mary Coe, Greeting.

You are hereby required to appear in an action commenced against you as defendants by the City of Reno, a corporation, as plaintiff, in the Second Judicial District Court of the State of Nevada, in and for the County of Washoe, and answer the complaint therein within ten days after the service on you of this summons (exclusive of day of service) if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days, or judgment by default will be taken against you according to the prayer of said complaint The action is brought to condemn and hold for public use, upon making just compensation therefor, a right of way twenty (20) feet in width and one hundred and eighty-one (181) feet in length more or less, for a public sewer and an outlet therefor through land owned by defendants above named, said land and the right of way sought to be condemned, being particularly described as follows, to-wit:

Commencing at a point two hundred (200) feet south of the center of the Southern Pacific Railway Company's right of way, said point being in a direct line with the center line of said Spokane street, extended, which said point is also on the northern boundary of a certain piece of parcel of land containing six and ninety-two one-hundredths (6 92) acres, now belonging to the said defendants, and heretofore known and described as being a portion of the estate of one Samuel Brown, deceased, situate; lying, and being between the said Truckee river and the said Southern Pacific Railway right of way, thence running south one hundred and eighty-one (181) feet more or less to the Truckee river, thence turning and running easterly along the edge of said Truckee river twenty (20) feet, thence turning and running northerly one hundred and eighty-one feet (181) feet more or less to the northern boundary of said tract of land, thence turning and running westerly along said northern boundary twenty (20) feet to the place of beginning, comprising a strip of land one hundred and eighty one feet in length, more or less, and twenty (20) feet in width. All of said land being in the City of Reno, county of Washoe, State of Nevada, and in the southeast quarter of the northwest quarter of Section 12, Township 19 North, Range 19 East, Mount Diablo Base and Meridian.

Plaintiff alleges that the use for which said land is sought to be condemned is public and necessary; that said right of way is required and sought to be condemned for the purpose of extending, constructing, maintaining and operating a public sewer and an outlet therefor, through said land to the said Truckee river.

All of which will more fully appear from the Complaint, which is on file in the office of the Clerk of said Court at Reno, in said county, and to which you are especially referred. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the court for the relief demanded.

In testimony whereof, I have hereunto set my hand and affixed the seal of said court, at Reno, this 10th day of June, A D. 1905.

EQUIPMENT IS PURCHASED

Southern Pacific Will Put On Through Service From Coast to Tonopah August 15

The Southern Pacific railraod in the operation of a through line from Oakland pier to Tonopah and Goldfield, intends to meet all competition and will go after the business with a vim.

Preparations are now being made by the company to establish a first class passenger service between the coast and the Southern Nevada country, which it expects to have in operation in about three weeks or about August 15th.

At present the Clark road to Los Vegas is making a bid for some of the Tonopah business and the Southern Pacific has determined to establish the finest possible passenger service, and having the best route from San Francisco to the new gold country, it expects to corral a lion's share of the business.

District Freight and Passenger Agent A. H. Rising stated yesterday that his company was busy with the preparations for establishing the new service. The rolling stock and equipment from the through train service to Tonopah and Goldfield has been purchased. Buffet sleeping cars will be run direct from San Francisco, giving the traveler the advantage of strictly first clas sservice.

For the accommodations of those who do not take the sleeper from San Francisco the trains wil make a stop here long enough for breakfast and another stop at some point to later be designated as an eating place by the company, when the official time card is issued. There will be two sleepers on the train, one which will accommodate the travel to Reno and will be cut off at this point the other will continue by the way of the Hazen cut-off to the southern country.

"It is the intention of the company" said Mr. Rising, discussing the matter yesterday, "to establish the very best possible service between San Francisco and the mining sections of Nevada. One train will be run each way and it is doubtful if any changes will be made in the arriving or departing time of the trains. The west bound will probably arrive here in the morning, as in the past and going the other way it is likely that the leaving time from Tonopah will be in the forenoon, reaching here in the evening and San Francisco the next morning.

DEMAND FOR LOTS IN BURKE'S ADDITION

C. H. Burke, owner of Burke's survey in Wells' addition to Reno, sold five lots in his tract yesterday and the owners will at once begin the erection of homes on the land. This makes ten lots that have been sold on this tract since it was placed on the market thirty days ago.

Quite a number of inquiries are being received regarding the price of lots in this new tract and indications are at present that many more sales will be made during the next few months. Mr. Burke is anxious to make the tract one of the most desirable residence sections of Reno and to prospective home builders he is offering flattering inducements.

DIVORCE COURT IS VERY BUSY

Judiciary is Invoked by Many Couples to Undo Some of the Pranks of Cupid

In the light of the present indications Judge Curler will have a number of domestic tangles to unravel for ill mated couples who are seeking surcease from their troubles in the courts. Several new divorce proceedings have been filed within the last few days and the court now has on the docket a half dozen of these cases which will come up for trial when he returns from his annual vacation in August

One of the chief reasons for the large number of divorce proceedings which are tried every year in this county is the drastic divorce laws which obtain in California, which make it a difficult matter for people to whom matrimony has lost its charms to secure a dissolution of the ties Reno being convenient of access, many come here and after establishing the required legal residence, commence to invoke the courts to relieve them of onerous ties.

Eliza Granfieldt yesterday filed a suit in the district court asking for a divorce from her husband, L. H. Granfieldt, the custody of her eleven-year-old boy and $25 a month alimony.

Mrs Granfieldt in her petition recites that she was married at Virginia City twelve years ago and that her married life has become unbearable. That her husband on numerous occasions has treated her with extreme cruelty and has spoken to her in anything but a loving and husbandly manner, that his treatment of her was so cruel that the neighbors threatened to have him arrested Mr. Granfieldt avers that her husband threatened to break up the furniture. She also states that he has failed to contribute to her support

OLINGHOUSE MINER DOING GOOD WORK

This week's issue of the Olinghouse Miner is just off the press. It is an exceedingly newsy issue, brimful of unvarnished facts regarding the Whitehorse and Olinghouse districts. The Miner is just two months old, but in that time it is safe to say it has done more toward advertising Olinghouse and Whitehorse than has been done by any paper in any section of the state. The Miner is in safe conservative hands with Mr Musgrove at the helm, and will do much more for the country than it has already accomplished and it is pleasing to note that the enterprising people of Olinghouse and Whitehorse are giving it strong support This is as it should be The Miner is a credit to their districts and one of the most carefully edited and best printed weekly newspapers in Nevada

ATTEND THE FUNERAL OF THEIR DEAD BROTHER

A large crowd of Indians assembled at the county cemetery yesterday afternoon to attend the funeral of Joe Bell, the Indian who was killed by a Southern Pacific train at Sparks three nights ago There was no clergyman present, the red men gathered about the open grave and shed tears over the demise of their brother The spectacle was an impressive one

The red man believes in a Great Father and is taught from Childhood visions of the happy hunting ground and he is just as sincere in his belief in a divine being as his Christian brother Fiction tales of the imutable red skin and of his absolute control of his feelings do not find examplification in the Indian today Those present at the grave, especially the red men directly related to the dead man, gave way to their tears and gave very evident expression to their grief

LABOR DAY AT CAPITAL CITY

Reno Unions Meet Sunday and Will Probably Decide to Celebrate at Carson

Every indication now is that Carson, the city of brotherly love, large shade trees, beauty experts, truthful fishermen and enterprising citizens, will celebrate Labor Day The misunderstanding caused by the zeal of a few well meaning union men of this city has practically been wiped out and if hard work and earnest co-operation count for anything nearly every town and district in Nevada will join in making the celebration at the capital city the success it should be.

The final meeting of the Reno unions will be held at Riter's hall next Sunday Representatives from all local unions will be present at that time and the Carson unions also have been invited to drop in and help fix things up. It is certain an agreement will be reached and more than probable that Carson will be the place agreed upon.
